PRESIDENT: Senator Simpson.

SENATOR SIMPSON: Mr. President, I would think that originally the Executive Board was not the one who brought this up. It was brought up on the floor, originally, by Senator DeCamp this morning. No one objected. No one and he talked about going and others going then. And then we come out and Senator DeCamp got a Resolution made and he asked us, in his absence, to bring it up and we did. We signed it and brought it up for him, and everybody objects. I would just as soon we leave it just like it is now. I think they have said what they want to do and I don't think we ought to make any more excuses for the body. If this is what they want, let it lie.

PRESIDENT: The question before us, is shall the Exec Board bring information in tomorrow? Senator Warner.

SENATOR WARNER: Mr. President, I withdraw the request of the Exec Board. I will take it upon myself to try to find it.

PRESIDENT: All right. So ordered. The next matter, Mr. Clerk.

CLERK: (Mike off) Review reports we have examined and reviewed LB 604 and recommend it be replaced on Select File as amended; 212 Select File as amended; LB 468 Select File as amended; LB 377 Select File; LB 416 Select File as amended; and LB 404 Select File as amended. Signed Senator Dworak, Chairman. Mr. President, I move for the introduction of the attached bills. Signed Senator Mahoney. The bill is signed by members of the Executive Board. Read title. See Page 1773, Journal. Senator Mahoney signed the motion.

PRESIDENT: All right. Senator Burbach, for what purpose do you arise?

SENATOR BURBACH: Mr. President and members of the Legislature, at 4:30 this afternoon, a meeting was convened and I must absent myself from the Chamber here and attend that meeting. It has to do with a better explanation of the matter before us here in this legislation to see if this will comply with the federal. The Attorney General will be there and someone from the Governor and someone from Senator Mahoney's staff and I will be there but I am willing to say that I have a motion for adjournment on the desk but I just want to offer one word of caution. We have those budget bills on Select File and I visited with the Clerk and there are amendments for LB 610. LB 611 is bracketed. If it is the wish of this body to adjourn with the opportunity for an override, I think it is extremely important that this body proceed with those bills so they can be read by Friday, May the 16th.

PRESIDENT: Senator Mahoney, are you ready to speak on your amendment? All right, the bill or it is a request, isn't it?

CLERK: The motion is, I move for the introduction of the attached bill.

PRESIDENT: All right. All right.
